TERMS AND CONDITIONS

This is a public and mail bid auction conducted by Seaby Coins, a division of Classical Numismatic Group, Inc. Bidding in the auction constitutes acceptance of the following terms and conditions.

- 1. The property listed in this catalogue is offered for sale by CNG, Inc. (the auctioneers) as agents for various owners and other consignors. We reserve the right to withdraw any lot before the close of the sale.
- 2. All lots are subject to a 10% Buyer's fee on the hammer price, and this premium is subject to the V.A.T. (17.5%) for a total buyer's fee of 11.75%.
- 3. All coins are guaranteed genuine and as described based on the most current information available to the cataloguer. Grading is a subjective art. Every effort has been made to be conservative in our grading. Please note that an auction sale is not an approval sale. Lots examined prior to the sale may not be returned for any reason except authenticity. Estimates given by the auctioneers are intended as a guide only and not as a statement of opinion of value.
- 4. Terms are for cash, with invoices being due and payable immediately upon receipt and the auctioneers reserve the right to charge interest on any overdue payment on invoices not settled within 30 days of the sale date. Payment by check must be made in either US (\$) or British (£) funds and drawn on an United States or British bank. All successful bidders outside of North America and the United Kingdom will be charged an additional £10 fee for bank charges. Visa and Mastercard (Access) may be used to pay your bill, however, a 3.5% surcharge is made for the use of your credit card, our cost from the bank.
- 5. Bidders not known to us must provide us with satisfactory credit references and/or pay the full purchase price or a deposit as determined at the auctioneer's discretion before delivery of lots. Minors are forbidden from bidding without a parent's signature on the bid sheet.
- 6. Estimates are in British Pounds Sterling (£) and please bid in even pound (£) amounts. Mail Bidder Protection. You may submit bids with confidence. Where competition permits, your bids will be executed at 10% over the next highest bid. Please note, that most bids below estimate are rarely reduced, due to heavy competition. If you bid over estimate, chances are that your bids will be reduced. In the case of tie bids the bid received earliest wins. Bid by lot number. No lots will be broken.
- 7. A word on Reserves. If a lot is reserved, it will not be in excess of the estimate. Check your bid sheets carefully. The seller cannot assume responsibility for errors made by bidders.
- 8. Buyers accepting commission bids from other parties do so at their own risk and will remain responsible to the auctioneers for full settlement per the terms of sale for this auction. Buyers shall not be entitled to remove lots from the auction room during the course of the auction without the prior permission of the auctioneer. Bidding increments will be at the auctioneer's discretion.
- 9. V.A.T. and postage and handling are added to all invoices where appropriate. Postage and handling for any book lots will be invoiced separately at the auctioneer's cost.
- 10. Prices Realised are published shortly after the sale and mailed to all bidders who have participated in the sale.
- 11. If you bid in this sale, you accept the terms as outlined above. These conditions shall take effect and be construed in accordance with the provisions of English law.

GOOD LUCK and remember to mail your bid sheets early. Bid sheets must be received by October 12, 1992.

The Syrian city of Emesa was the center for the worship of the eastern sun god Elagabal, and the home of the family of Julia Domna. The name and cult were adopted by her grand-nephew, M. The arrival of the cult object, possibly a meteoric stone, was the cause of delirious celebration at Rome among his fellow worshippers, much to the horror of the staid populace. Such excesses eventually lead to the assassination of Elagabalus and his replacement by Severus Alexander.

- 730. Lot of ten engraved cylinder and stamp seals. 3rd millenium BC through Roman times. The six cylinder seals are of steatite, aragonite, quartzite, serpentine and possibly faience. They most closely resemble examples from the Iranian region, from the Elamite period onwards. Scenes include winged horses, winged lions, figures around the "tree of life", and animal procreation. Two of the stamp seals are probably hematite, one with an unusual depiction of four humans on back of a great fish. The third is Neo-Babylonian, 7th-5th Century BC, of chalcedony of pyramidal form, with a worshipper in front of an altar. The last piece is a Roman carnelian gemstone of an eagle and two standards. Generally Fine condition, two cylinders vague due to wear, the last two pieces with minor chips. Interesting study group. 10 pieces. (£400)

732. Lot of sixteen "Billie and Charlies". Circa 1860. Billie Monk and Charlie Eaton were two of the more industrious "mudlarks" or scavengers along the Thames river in the mid-19th century. Amazed by the prices paid by museums and collectors for the medieval artifacts that turned up, the pair decided to improve on the original by producing their own. Being completely illiterate, they simply copied as best they knew how pieces seen in the museums, embellished with nonsense legends, dates and fanciful depictions of medieval life taken from popular magazines. After about four years the experts finally caught on, and insisted that Billie and Charlie stick to finding the real thing. This lot shows examples of their lead and brass tokens, pilgrim badges and reliquaries (or perhaps castanets). Interesting Victoriana. 16 pieces.
